

Environmental Monitoring Officer Labour Secondment

If your monitoring officer is off sick or on leave, why seek covering labour from a labour hire company when you can hire the best from environmental monitoring specialists?

Compliance Monitoring (CM) has a number of experienced environmental monitoring officers available for short or long term secondment.

All CM monitoring officers have received specialist in-house training for water, soil and air sampling in accordance with NATA accredited methods, and the relevant Australian Standards.

In addition, all monitoring officers are trained and/or inducted in the following:

- Mine site experience (between 1 and 5 years)
- Tertiary qualifications in environmental sciences
- First Aid
- 4WD operation
- BHP inductions for Port, Rail and Ops
- Construction awareness
- Driver's license
- Pilbara experience
